# Additional Benefit Rider

## ACCELERATED BENEFITS RIDER

This rider provides an optional accelerated payment of life insurance proceeds to an insured who is terminally ill or expected to live in a nursing home until death.

The eligible life insurance proceeds are equal to a percentage of the policy face amount or up to a total of \$250,000 from all policies and riders on the insured issued by this company.

This rider will be attached only at the time of issue if approved in your state. There is no premium charged for this benefit. Certain states require the proposed insured to sign a disclosure form before the company can include the rider.

# Optional Benefits and Riders

## DISABILITY WAIVER OF PREMIUM BENEFIT RIDER

The Disability Waiver of Premium Benefit Rider provides for waiver of premiums during a total disability of the insured occurring prior to the policy anniversary following the insured's 60<sup>th</sup> birthday. Premiums for Disability Waiver of Premium Benefit Rider are payable to the policy anniversary following the insured's 60<sup>th</sup> birthday. Available issue ages are 18-55 on an age-last-birthday basis.

The rider contains a six-month retroactive elimination period—that is, the disability must continue for six months before benefits are granted. Once the insured has qualified for benefits, Assurity will refund any premiums paid during disability and prior to approval of the claim. Benefits for a disability may be granted retroactively for no more than one year from the notice of claim to Assurity.

“Total disability” means the inability of the insured to engage in employment for which the insured is reasonably qualified by education, training or experience. Total disability must result solely from a covered accidental bodily injury received or a covered sickness which originates while the Disability Waiver of Premium Benefit Rider is in force and must require the regular care of a physician.

## OTHER INSURED TERM INSURANCE BENEFIT RIDER

Term life insurance coverage is available as a rider for another individual, provided there is an insurable interest. Available issue ages for this rider are as indicated on the base policy. The premiums are based on the other insured's age last birthday, gender and underwriting class. The level premium period must match that of the base policy.

Rider fee: \$50, commissionable

### CHILDREN’S TERM INSURANCE RIDER

**Issue Ages**      Parent: 18-55 age last birthday  
                             Children: 15 days - 18 years

This rider provides level term coverage to age 25 on the insured’s children listed on the original application and children born to or adopted by the insured while the base policy and this rider are in force. It also provides a purchase option, which allows an insured child to purchase permanent insurance of up to five times the original term coverage amount on the earlier of his or her 25th birthday or on the termination date of the rider.

This rider is sold in units, each of which provides \$1,000 of coverage for all eligible children. Up to one unit may be issued with each \$5,000 face amount of the base policy. The maximum number of units is 25 on the life of any child. The per-unit rate for the CTI Rider is \$5.70 with waiver of premium and \$5.50 without waiver of premium.

### CRITICAL ILLNESS BENEFIT RIDER

Available in lump-sum benefit amounts from \$20,000 to \$100,000 and may not exceed the term face amount for the base insured or other insured. Assurity will pay a benefit if an insured person receives a first-ever diagnosis or procedure for one of the specified critical illnesses shown in the chart below if:

- the date of diagnosis is while coverage under this rider is in force; and
- the specified critical illness is not excluded by name or specific description in this rider.

The amount payable for each first-ever diagnosis or procedure of a specified critical illness per category is the percentage of the benefit amount multiplied by the benefit amount. The benefit amount is shown on the rider schedule. The percentage of the benefit amount payable for each specified critical illness is shown beside the illness listed in the following chart.

## Optional Benefits and Riders (continued)

### CRITICAL ILLNESS BENEFIT RIDER (continued)

The maximum total percentage of the benefit amount payable per category of specified critical illnesses is shown in the last column of the chart below.

Category	Specified Critical Illness	Percentage of Benefit Amount Payable for each Specified Critical Illness	Maximum Percentage of Benefit Amount for Category
<b>Category I</b>	Heart Attack	100%	100%
	Major Organ Transplant – heart or combination transplant including heart	100%	
	Stroke	100%	
	Coronary Bypass Surgery	25%	
	Angioplasty	10%	
<b>Category II</b>	Kidney (Renal) Failure	100%	100%
	Major Organ Transplant – not covered in Category I	100%	
	Paralysis – not as a result of Stroke	100%	
<b>Category III</b>	Invasive Cancer	100%	100%
	Non-invasive Cancer	25%	

If an insured person receives a percentage of the benefit amount for one specified critical illness within a category in the chart above and then becomes eligible for benefits for another specified critical illness within the same category, the benefit amount payable for the subsequent illness within the same category is the lesser of the percentage amount payable or 100 percent minus the percentage of the benefit amount received for all previous specified critical illnesses within the same category.

After 100 percent of the benefit amount shown on the rider schedule has been paid for an insured person within a category in the chart above, Assurity will not pay any additional benefits for any specified critical illness in that category for that insured person. Assurity will pay the benefit for coronary bypass surgery, non-invasive cancer and angioplasty only once per lifetime per insured person.

If benefits have been paid for a specified critical illness within one category for an insured person, no benefits will be payable for a subsequent specified critical illness within a different category for that insured person unless the date of diagnosis of the subsequent specified critical illness is separated by at least 180 days from the date of diagnosis of the immediately preceding specified critical illness.

If the date of diagnosis of two or more specified critical illnesses is the same day, Assurity will pay only one specified critical illness benefit. Assurity will pay the larger of the specified critical illness benefits.

If the insured receives benefits for non-invasive cancer and is later diagnosed with invasive cancer, the remaining benefit amount will be paid.

The rider is not available for the Standard Non-tobacco or Standard Tobacco underwriting classes.

The rider issue ages are the same as the base policy, and the rider expires at age 75.

This rider is also available to another insured, provided there is an insurable interest, and the other insured has applied and been approved for the Other Insured Term Rider. The premiums are based on the other insured's age last birthday, gender and underwriting class.

## Optional Benefits and Riders (continued)

The Return of Premium Rider is not available for the 10- and 15-year plans.

### FINANCIAL JUSTIFICATION

The amount of personal insurance available should be based on the following table:

Age	Earned Income Factor	Unearned Income Factor
20 – 30	30	3
31 – 40	25	3
41 – 50	20	3
51 – 60	15	3
61 – 65	10	3
66+	5	3

Earned income includes all the taxable income and wages obtained through employment.

Unearned income includes any income derived from Social Security benefits, disability pension benefits, welfare or other city, state or federal assistance.

#### Family Income

An unemployed household member applying to be policyowner shall be referred to an underwriter.

An unemployed household member covered by another insured rider may have an amount equal to the lesser of 1 and 2 below:

1. Half the face amount in force (rounded up to the nearest \$1,000) of the income provider.
2. The maximum face amount the income provider can afford, calculated using the earned income factors above.

## Additional Underwriting Rules

- If the medical history requires, the case will be referred to an underwriter for appropriate action. If medical records are submitted within the following 30 days, Assurity will review them to see if further consideration is possible.
- If the applicant has retired prior to age 55, the application will be referred to an underwriter. The reason for the “early” retirement will be evaluated by the underwriter, and an appropriate decision will be made.
- MVRs are automatically ordered on all cases processed through the system.

## Additional Underwriting Rules (continued)

### FOREIGN TRAVEL

The following guidelines apply (where allowed by state-specific legislation) to U.S. citizens traveling abroad. Permanent residents (green card holders) will be considered only if proposed travel is to A+ or A areas only. It is Assurity's responsibility to adhere to all state-specific legislation regarding foreign travel.

#### Foreign Travel Defined

- A single trip or vacation of 30 days or less
- Business travel totaling not more than 90 days per year and not more than four weeks at a time
- Longer periods of travel should be classified as foreign residence and rated appropriately.

#### Occupations

For applicants whose occupation does not require foreign travel (i.e., bus driver) and have indicated such business travel, underwriter due diligence should be exercised and documented.

Insurance is not available for foreign travel related to the following occupations: travel by missionaries (and related religious activities), diplomats, journalists, archeologists and geologists. Military and U.S. State Department personnel may be considered on an individual basis.

#### Country Classifications

The underwriter needs to begin by checking the appropriate reinsurance guide to determine the acceptability of any country or area.

Beyond that, however, the underwriter is expected to be aware of and/or to carefully check available resources for current hazards related to travel plans for each applicant.

# Administrative Guidelines

## ASSIGNMENTS

Assurity accepts collateral assignments of life insurance. An assignment form can be requested from Client Services. The form must be returned to the assignee and a copy retained by Assurity.

## CHANGE OF BENEFICIARY

To change the beneficiary on an in-force policy, a Beneficiary Designation form must be completed. This form may be requested from and then returned to Client Services. The return of the policy is not required.

## CHANGE OF OWNER

The owner of an in-force policy may be changed while the insured is alive. An Ownership Transfer form may be requested from and returned to Client Services. The return of the policy is not required.

## DEATH CLAIM PROCESSING

Please contact the Claims department to request an Application for Individual Life Benefits, and provide the insured's date of death. Return the completed application to the Claims department along with a certified copy of the insured's death certificate and the policy.

## DISABILITY WAIVER OF PREMIUM BENEFIT RIDER ADMINISTRATION

Contact Claims to obtain the appropriate proof forms for the Disability Waiver of Premium Benefit Rider. The forms must be completed by the policyowner and his or her physician, then returned to Claims.

The policyowner must continue to pay all premiums until the waiver of premium claim is approved. When the claim is approved, premiums paid after the date of disability will be refunded. However, no premium will be waived if its due date is more than one year prior to the notice of claim.

## DIVIDENDS

This is a nonparticipating policy. Dividends will not be paid.

## DUPLICATE POLICIES

A duplicate policy is available upon receipt of the owner's signed request. A \$20 fee may apply for subsequent requests.

## GRACE PERIOD

A 31-day grace period is included in the policy for premiums not paid on or before the due date.

## LIST BILLING

If you need to establish a list billing, contact Client Services at (800) 869-0390, ext. 4279. Policy premiums arranged on a list bill are billed to a policyowner's place of employment.

## POLICY ADDITIONS

When an addition to a policy is requested by a policyowner, please contact Client Services for an Application for Policy Change. The return of the policy with the form is not required.

## PREMIUM BILLING

The original premium notice for the direct premium mode is mailed 20 days prior to the due date. If unpaid, a reminder notice is mailed five days after the due date. If a remittance is still not received at the end of the 31-day grace period, lapse/nonforfeiture processing will be initiated.

Preauthorized premium payments may be drafted on any date between the 1<sup>st</sup> and 28<sup>th</sup> of each month. If a preauthorized payment is returned, Assurity will notify the policyowner and send a copy of the

notification to you, the agent. If a remittance is not received prior to the expiration of the grace period, lapse/nonforfeiture processing will be initiated.

Please contact Client Services for authorization forms needed to indicate a change in banks or to deduct a premium from a policyowner's bank account.

### REINSTATEMENT

A lapsed policy may be reinstated within three years of the lapse date if: 1) Assurity agrees the insured is insurable, and 2) all unpaid premiums are received, including the compound interest of 6 percent from each due date.

### SURRENDER

To surrender a policy, the policyowner must send a written request to Client Services and return the original policy.

## Product Definitions

### ASSIGNMENT

The policy may be transferred, or assigned, to another person or organization.

### CONTESTABLE PERIOD

This policy cannot be contested after it has been in force during the insured's lifetime for two consecutive years from the date of issue.

### MISSTATEMENT OF AGE OR GENDER

If the insured's age or gender is misstated in the application, the proceeds will be adjusted to the amount the premium paid would have purchased for the correct age or gender.

### PAYMENT OPTION

The policyowner may elect a payout option while living, or a beneficiary may elect a payout option upon the insured's death. Payment options include: payment for a fixed period; payment of fixed amount; left at interest; or alternate payment for life.

### RIGHT TO CANCEL

After examining the policy, the policyowner may cancel the policy within 30 days of delivery for a full premium refund. (The number of days may vary by state; refer to the policy for state-specific information.) Cancellation is effective on the date the policy is returned to the home office or the representative from whom it was purchased. We will refund the full premium paid, and the policy will be treated as if it were never issued.

### SUICIDE

If the insured dies by suicide within two years of the date of issue, Assurity's liability is limited to a refund of premiums. After two years, death by suicide is paid in full.
