

Care Support for You and Your Family

Privileged Care Coordination Service & Caregiver Support Services

Genworth Life Insurance Company (Genworth Life) is proud of its commitment to helping our customers with the consequences of a long term care situation.

Whether it's helping protect your assets or helping you find resources to meet a long term care need, we are here when you need us. With more than 35 years of experience in the long term care industry, Genworth Life has helped hundreds of thousands of people just like you make informed decisions about the care of loved ones.*

This help is provided to you and your family through two different service offerings included as part of your long term care insurance plan:

PRIVILEGED CARE® COORDINATION

Help for You

As the insured, if you are eligible for long term care benefits, you will have access to Privileged Care Coordination Services. As part of our claims process, a Privileged Care Coordination Team, which includes a Licensed Healthcare Practitioner, is available to provide assistance ranging from helping with initial claims paperwork to creating a Plan of Care.

CAREGIVER SUPPORT SERVICES

Help for Your Family

Caregiver Support Services, provided by CareScout®, a Genworth company, can help you (the insured) and your immediate family if they have a long term care need at any time. CareScout specializes in helping caregivers identify care resources for aging parents or other family members.

Using Privileged Care Coordination Services and Caregiver Support Services does not reduce benefits available under your long term care insurance plan.

Once you have a situation that requires long term care, Privileged Care Coordination Services are there to help you.

When you have a long term care need, it's easy to get overwhelmed with all of the available care options. Depending on the type of care services needed, long term care can be received at home, in the community, in an assisted living facility or in a nursing home.

Genworth Life's Privileged Care Coordination Team can help you and your family identify your care needs. They can also supply additional information on free programs and services that may be of benefit to you.

Privileged Care Coordination Services are provided to you at no additional cost.

Where to Start

If you experience a long term care event, notify us in order to begin the claims process. We will walk you through the claims process, conduct assessments and answer any questions you may have about policy benefits and eligibility requirements.

In-Home Assessment

If you prefer to receive care in your home, a licensed healthcare professional will meet with you to conduct an in-home assessment. During this visit, he or she will assess your functional abilities, cognitive status, personal needs and environment.

Identify Provider Options and Create a Plan of Care

Your Privileged Care Coordination Team will summarize the results of your personal assessment and create an individualized Plan of Care for you.

If you choose, the Privileged Care Coordination Team will help identify resources such as home care agencies, community care, assisted living facilities and nursing homes to address your specific needs.

As always, the final choice of covered care providers is up to you. If you want to change covered providers at any time, for any reason, you can do so.

Ongoing Support and Monitoring

Your Privileged Care Coordination Team will check in with you periodically. Since care needs can change, they will modify your Plan of Care to help you meet your current needs.

A Privileged Care Coordination Team will help assist you through the long term care claims process, from helping with initial paperwork to assisting in the implementation of your care plan.

Help that you and your family can start using now.

Caregiver Support Services can help if you have an immediate family member that may be in need of long term care. You may not be sure what type of care your loved one needs or what to look for to make those decisions. CareScout, a Genworth company, has helped families and caregivers address their care needs since 1997.

Care Advice

Talking to someone who understands and has the expertise to know the ins and outs of long term care is invaluable. Thousands of families have benefited from working with professionally trained Care Advocates who are available to answer care-related questions, help assess care needs and help determine an appropriate course of action.* Care Advocates can help families find peace of mind by locating and coordinating services.

Unbiased Guidance

Care Advocates provide access to objective, insightful information and research on care providers. CareScout does not collect fees from providers at any time.

Quality

CareScout knows that finding quality care for loved ones is a priority. They are dedicated to helping you find care that matches your loved one's needs with providers in the community whose capabilities and availability best meet your expectations.

Online Resources

Searching the Internet for useful information can be difficult. It's hard to know if the sources are credible and trustworthy. CareScout can help alleviate uncertainty by providing you with a reliable online resource. They have been rating Medicare-certified care providers across the country since 1997. These ratings include facility performance compared to peer facilities nationwide.

On CareScout's website, you can search for information and reports on thousands of care providers nationwide. This website gives you the ability to filter your information geographically to narrow your search.

What You Can Expect

If you or your family needs professional guidance, CareScout can provide the following:

Personal Assessment Whether the need is for adult day care, home health care services, or facility care, families work with a professionally trained Care Advocate who can answer questions and perform an objective care needs assessment to create a service plan.

Provider Options A Care Advocate can help you find care providers with capabilities and skills that meet your loved one's long term care needs. Upon your request, the Care Advocate may negotiate private pay rates on your loved one's behalf and initiate care.

Customized Resource Guide A Care Advocate can create a customized resource guide. This guide contains a list of care providers with services to address your loved one's needs.

CareScout will not disclose or share any personal information without your permission.

The Customized Resource Guide includes helpful tips such as how to choose a care provider.
